

Norfolk County Quilters' Guild
President's Challenge 2024/25
Introduction

As mentioned at the Guild Meeting, each month we will be issuing a new block to complete. Each block will consist of nine 6" squares (finished size). Each final Block will measure 18.5" x 18.5" (unfinished).

Your fabrics (both feature and background) can be one fabric, a crumb fabric that you have sewn, or many fabrics for a scrappy look. Have fun!

You will be sewing one large block, as described above, and a second block (same design) that measures 6.5" x 6.5" (unfinished). Think carefully where you want to place this small, second block before you make the large block. This second block will **replace** one of the nine 6" squares of the large block.

When you choose the fabrics for the smaller block, think carefully about your design. It could look exactly like the large block, or you could change the fabric placements. You could change the colours in this block to draw your eye to it.
