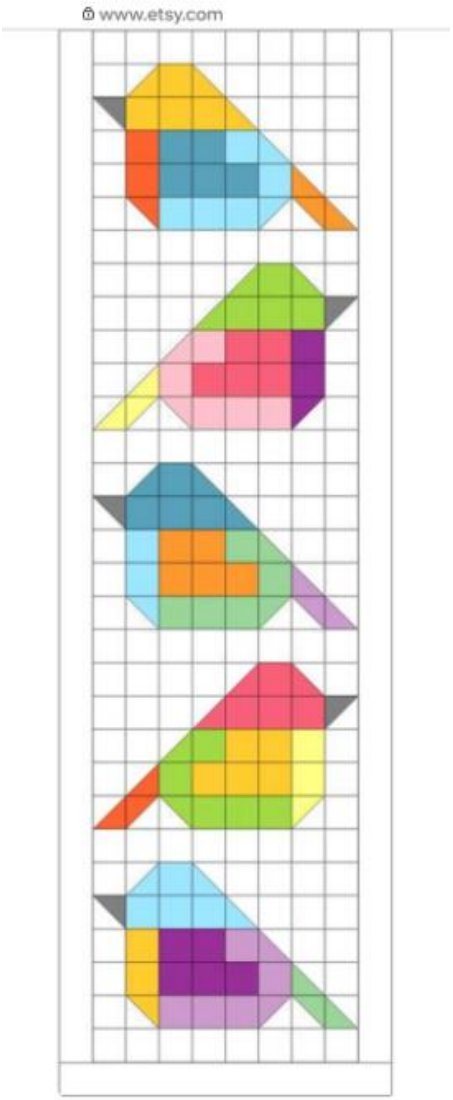
Birdies Blocks:

This project uses 2 ½” blocks and 3 ½” blocks (for HST’s).

Following the diagram, layout and sew your blocks for one, two or as many birdies as you would like.

Be creative, one birdie with borders could be a placemat or small wall hanging… maybe for an assisted living space?


Two or three birdies side by side could be a centre piece or a table runner. Or go crazy and make an entire quilt of birdies…
